Your Adventure Canada Experience

Immerse yourself in the wonders of nature and culture. Travel alongside scientists, historians, naturalists, cultural educators, and artists, who share their passion and experience with you.

Adventure Canada's expeditions are more than phenomenal expeditions of a lifetime; they are lifelong learning journeys for the heart and mind. Your expedition is an immersive cultural experience both on and off the ship.

Our shipboard program is educational and fun. You can join daily presentations, debates, and workshops that provide perspective and understanding. Our expedition team—experts

OUR EXPEDITION TEAM—EXPERTS IN THEIR FIELDS—ARE APPROACHABLE, AVAILABLE ON DECK AND AT MEALS, AND ALWAYS ON SHORE DURING EXCURSIONS

in their fields—are approachable, available on deck and at meals, and always on shore during excursions. Our unique mix of entertainment and camaraderie is integral to our evening concerts, daily gatherings, and learning opportunities.

Each day, your onboard and onshore programming is thoughtfully planned to make the most of the local environment. Hiking, wildlife viewing, historic sites, community visits, and Zodiac cruising are regular activities. You can spot wildlife from the deck, take a polar plunge, relax in the hot tub, take care of yourself at a stretch class, or unwind with a great book from our onboard library. You choose the activities that are best suited to your abilities and interests.

Enriching Expeditions in Spectacular Locations

Your personal voyage of discovery

Explore and learn about new lands and peoples as you experience the rich cultures and fascinating landscapes we sail to. Take the road less travelled and enrich your perspective during visits to communities, natural habitats, and historic sites that can be otherwise difficult to reach.

Our expeditions are designed to be flexible and allow us to make the best of Mother Nature's conditions. We often make landfall at new places and are able to share new discoveries and local knowledge with you. Your voyage will be marked with thoughtful discussions, expert interpretation, and the spirit of discovery.

Get off the ship, get into a Zodiac!

Cruise among icebergs; search for marine mammals; visit an outpost community; wander remote coastlines... simply enjoy the freedom of being out on the water daily! Our goal is to get you off the ship as often as possible.

Zodiacs free us from the dependency on ports, piers, and other built infrastructure. These safe, stable, versatile boats take you where the action is.

Learn from passionate experts

Why would an esteemed Canada Research Chair, for example, travel with us on a working vacation? It's simple: they can't resist the opportunity to engage, excite, educate, and enlighten you! Make the most of every learning opportunity, aboard and ashore, in geology, botany, marine biology, archaeology, photography, cultural history, and more!

Our hand-picked experts are as excited as you are to be on board. Join them on deck searching for wildlife, share daily meals for personal in-depth conversations, participate in workshops, attend presentations, and learn on the land. The Adventure Canada team has a deep love for discovery, learning, exploration, and growth, and is at your service.

Experience local culture and traditions

From Arctic communities to the fishing villages of former New France, to the outposts of Newfoundland and Labrador, we embrace local music, dance, food, language, and traditions, everywhere we go!

Expedition travel isn't just about what you see, or where you go. It's who you meet and get to know.

Wildlife encounters

Daily excursions with expert guides put you where you are most likely to see wildlife: whales and seabirds in Atlantic Canada; muskox, seals, and polar bears in the High Arctic. Whether viewing on deck, in the Zodiac, or learning during our presentation series, you'll come away with an appreciation for the fine creatures that inhabit our world. Our best practices ensure the safety and integrity of the wildlife we have the privilege to view.

High Arctic Explorer's Top Ten Wonders

Each Adventure Canada expedition holds its own unique highlights. Stunning icy landscapes, iconic wildlife, and welcoming Inuit culture bring us back to the Far North time and time again. These are our ten picks for the top experiences of this trip of a lifetime, the High Arctic Explorer.

1 Pay homage to adventurers past at historic, haunting Beechey Island

With shattered shale plains, eroding bluffs, and little greenery, Beechey Island appears utterly sterile. But to history buffs, it's hallowed ground. Here, three mariners with the lost Franklin expedition were interred. For 170 years—until the recent discovery of Franklin's ships—their graves were the prime monument to that tragic, mysterious voyage. Pay respects to the trio, explore artifacts left by Franklin searchers, and marvel at what it was like for Englishmen to live and die here, so distant from the only world they knew.

©Dennis Minty

2 See icebergs bigger than you ever imagined—all while sipping a latte

Ilulissat means “icebergs.” The name says it all. Beside this renowned town of 4,700 people is Sermeq Kujalleq (Jakobshavn Glacier), the busiest glacier in the Northern Hemisphere, spewing 20 billion tonnes of ice per year into the local waterfront. Appropriately, this is a UNESCO World Heritage Site, not to mention Greenland’s top tourist attraction. Tour amongst the skyscraping bergs by Zodiac (often accompanied by humpback whales!), peruse the local museums and shops (sealskin chic!), and dine on distinctive Greenlandic fare (muskox burgers anyone?).

©Dennis Minty

3 Take it easy with local wildlife

Marvel at the diversity of wildlife all around these beautiful vistas. On the cliffs, murres and guillemots nest by the countless thousands. On the land, foxes watch us from the outcrops, muskoxen trample the tundra, and walrus patrol the bays. And on the drifting ice floes? Keep your binoculars ready for seals and the white bears that love to feed on them.

©Dennis Minty

4 Visit Mittimatalik, one of Nunavut’s most scenically situated communities

The biggest town in the High Arctic of Canada is also—we would argue—one of its most beautifully located. Mittimatalik, also known as Pond Inlet, nestles along whale-laden Eclipse Sound, peering toward the peaks and glaciers of Sirmilik National Park. For its 1,500 or so Inuit residents, this community is a cultural haven. Tour around town with warm local guides, hear (and likely learn a bit of) the Inuktitut language, witness a cultural extravaganza of Inuit sports and song, and purchase unique local carvings and craftworks.

5 Stay cool while exploring the face of some of Canada's greatest glaciers

Devon Island, the world's largest uninhabited island, makes up for what it lacks in people in its ice—4,000 gigatons of the stuff, forming an ice cap almost a kilometre deep and sending glaciers churning down to the sea. By ship and Zodiac, explore the face of these tidewater glaciers, while watching for the calving of house-sized icebergs and weaving amongst iridescent blue “bergy bits.”

6 Have a whale of a time in Tallurutiup Imanga, a protected Inuit waterway

Overlaying much of these northern waters is Tallurutiup Imanga, a landmark marine sanctuary established through a pact between Inuit and Canada. Sail and Zodiac through this natural and cultural seascape, witnessing ecological wonders. Here, the greatest Arctic whales, bus-sized bowheads, skim for plankton—while belugas and narwhal gobble cod in the fjords and polar bears prowl the ice.

©Dennis Minty

7 Explore the west Greenland coast, where the Arctic is sublime

Everything about Greenland's geology owes its existence to ice. Inland is the greatest ice sheet in the Northern Hemisphere. Along the coast are a labyrinth of fjords, the product of eons of grinding ice—much of it still sparkling in the cirques. And at sea? If you're lucky you might spot bobbing bergs, sailing to who-knows-where. Explore this glittering land and seascape by ship, Zodiac, or on shore. Make sure your camera has a spare memory card, because you might just fill it up!

8 Experience a polar hardship posting

A century ago the Arctic was disputed territory. Mounties and Inuit special constables were thus sent to Devon Island to fly Canada's flag, make sovereignty patrols, and staff a remote station at Dundas Harbour. After the Mounties left, this was the site of the first Arctic relocation, when Inuit families were infamously moved to bolster Canada's claims to the Far North. Tour the station's eerie structures, learn about the hardships here, and take in the beautiful tundra.

9 Cross the Arctic Circle in west Greenland's greatest fjord

Sailing up Kangerlussuaq Fjord (Søndre Strømfjord) is a true polar pleasure. A whopping 190 kilometres long but just two clicks wide, this remarkable seaway is flanked all along by frosted peaks and glaciers. En route you'll cross the Arctic Circle—an achievement few travellers can claim. And at the end of it all is humble-but-historic Kangerlussuaq. Once a United States air base key in fighting the Nazis, it's now Greenland's main international airport. Look for muskoxen, scruffy trees, and several fine souvenir shops around the airport terminal.

10 Sail historic Davis Strait, a crossroads of whalers, Inuit, and explorers

For at least a millennium, this shivering sea has united Europe and Arctic North America. Inuit travel here, as did Vikings, Scottish whalers, explorers like Franklin and Amundsen, and more. On the outer decks, keep your eyes peeled for pilot and sperm whales, sea birds, and fantastical icebergs.

Itinerary

Day 1: Kangerlussuaq, Greenland **Cross the Arctic Circle**

After your charter flight from Toronto, ON, you'll transfer to the *Ocean Endeavour* by Zodiac. Begin your journey by sailing down Kangerlussuaq Fjord (Søndre Strømfjord), a 190-kilometre-long fjord surrounded by mountains and glaciers, and cross the Arctic Circle on your way.

©Dennis Minty

Day 2: Sisimiut **Explore Vibrant Sisimiut**

Colourful Sisimiut is Greenland's second largest city. Access the extensive museum through

a towering whalebone archway and be sure to stop in at the artisan's co-operative for a chance to purchase exquisite handicrafts. Traditional qajaq (kayaking) is in resurgence here, and there are plenty of other fun outdoor activities for the adventurous to enjoy.

Day 3: Ilulissat **Take a Zodiac Cruise Around Towering Icebergs**

Visit the town of Ilulissat, with splendid museums, cafés, craft shops, and a busy fishing harbour. View the icebergs from shore on a hike along the boardwalk at this UNESCO World Heritage Site. Ilulissat translates literally to "iceberg"—an apt name for this site at the mouth of the Sermeq Kujalleq glacier, a source of many icebergs in the North Atlantic.

Day 4: Western Greenland **Hike the Tundra**

Choose the activity you like best during an expedition landing on Greenland's stunning west coast. Admire the mighty mountains and the tiniest tundra flowers. A stop in this area will offer many outstanding features to pique your interest.

Day 5: At Sea — Davis Strait

Learn Onboard

Deepen your understanding of the Arctic as we steam across the Davis Strait towards Nunavut, Canada. Enjoy workshops and presentations, watch a documentary, and get out on deck with your binoculars to look for whales, seabirds, and marine wildlife.

Day 6: Mittimatalik (Pond Inlet), NU, Canada

Experience Inuit Culture

Attend a cultural performance put on by the talented Tununiq Arsarniit Theatre Group, featuring drum dancing, throat singing, and storytelling. Mittimatalik is a busy Arctic community in a beautiful setting. Enjoy exploring the town and take the opportunity to purchase unique handcrafted mementos when available, too.

Day 7–11: Tallurutiup Imanga (Lancaster Sound) & Devon Island

Seek Whales, Seabirds, & Polar Bears

Spend five fun-filled days exploring Tallurutiup Imanga (Lancaster Sound), one of Canada's newest National Marine Conservation Areas. Cruise by ship and by Zodiac in search of narwhal, beluga, and bowhead whales.

Admire Devon Island's unique geological character, with its flat-topped mountains,

glacial valleys, and substantial ice cap. It's the largest uninhabited island on Earth at over 50,000 square kilometres. Hike the tundra, cruise a glacier face, and keep your eyes peeled for polar bears and other wildlife.

Visit archaeological sites with expert interpretation to learn about the human history of Inuit and their ancestors who once lived on this now-abandoned island. Then catch a glimpse of more recent history when you visit the remains of a Royal Canadian Mounted Police and Hudson's Bay Company site at Dundas Harbour.

Day 12: Beechey Island

Visit a Franklin Expedition Historical Site

Pay your respects at this haunting memorial to Sir John Franklin's failed expedition. Learn the compelling history of the HMS *Erebus* and HMS *Terror's* attempts to sail through the Northwest Passage. Franklin's crew overwintered at Beechey Island, where three of his men died. Thomas Morgan of the HMS *Investigator* was buried here in 1854 alongside Franklin's men. Visit their graves and the ruins of nearby Northumberland House while contemplating the poignant history.

Day 13: Qausuittuq (Resolute), NU, Canada

Wave a Fond Farewell

Say your goodbyes to the Arctic in Qausuittuq (Resolute). The community's name, meaning "place with no dawn," comes from its dark winters. Learn about the significance of the origin of the hamlet; in 1953, Inuit from Inukjuak, Québec, and Mittimatalik were relocated under false pretences by the Canadian government with the aim of asserting Canadian sovereignty.

Disembark the *Ocean Endeavour* and transfer by Zodiac to shore for your charter flight to Ottawa, ON.

Itinerary

Day 1: Qausuittuq (Resolute), NU, Canada

Begin Your Adventure

After your charter flight from Ottawa, ON, you'll transfer to the Ocean Endeavour by Zodiac. Begin your journey in Qausuittuq (Resolute). The community's name, meaning "place with no dawn," comes from its dark winters, but during your visit at the height of summer, you'll experience the midnight sun—a time of no darkness.

Take in the unique geography and geology here, characterized by shoreline gravel flats, rocky coastal bluffs, and deposits of glacial moraine. Learn about the significance of the origin of the hamlet; in 1953, Inuit from Inukjuak, Québec and Mittimatalik were relocated under false pretences by the Canadian government with the aim of asserting Canadian sovereignty.

Today the community is home to just under 250 people and is an important staging point for High Arctic research, tourism, and military activities.

Day 2: Beechey Island

Visit a Franklin Expedition Historical Site

Pay your respects at this haunting memorial to Sir John Franklin's failed expedition. Learn the compelling history of the HMS *Erebus* and HMS
